Hi Craig,

My last day as a police officer is this Thursday. I know this.....you sure never back down from a cause worth fighting for. I wish you all the best.

The Website Buck For Justice was created by Mr. Broder / senior on behalf and for the benefit of all vulnerable citizens of Canada and will also referenced to remember 9/11 as the 10<sup>th</sup> anniversary is fast approaching with peaceful demonstrations planned to denounce terrorism within the Canadian Justice System.

The website is [www.broderbuck.com](http://www.broderbuck.com) it is about 90% complete other than slight modification to the wording, and layout.

The investigation has without a doubt provided substantial evidence of an orchestrated trial, with willful actions of conspiracy, fraud, and purgery.

The Government of Alberta specifically The Attorney General / Justice Minister - Alison Redford will not be allowed to continue on their path of willful blindness.

I remain,

On Behalf of  
Imasco Minerals Inc.
